This Free Flower Seed Offer Means Cash In Your Pocket

Due to the reduced demand for flower seeds last year, we have some surpluses of high-grade seeds that we plan to use to increase our business in other things. The seeds are absolutely good—and we believe both you and we should make something out of them. Read offer carefully:

With every order of $10.00 garden seeds, we will give you FREE 20—10c packets of Square Brand Flower Seeds of the varieties marked (•) Flower Seed Listings, page 6 of this list.

With every order of $20.00 garden seeds, we will give you FREE 50—10c packets of Square Brand Flower Seeds.

With every order in excess of $20.00, we will give you FREE, for each additional $10.00, 25—10c packets of flower seeds. In other words, a $30.00 order will include 75 packets, a $37.50 order will include 75 packets; a $40.00 order will include 100 packets. There must be a full $10.00 unit to entitle you to 25 additional packets.

These packets will be stamped "1933" and with some other identifying mark, known only to us, to show them to be seeds not subject to exchange or return for credit.

You are free to sell these seeds at their regular market value of 10c per packet, or to give them away for advertising purposes—strictly as you see fit to do.

Varieties desired may be specified, although we reserve the right to send other varieties, should our surplus of seed specified be exhausted. We also reserve the right to discontinue this offer AT ANY TIME that our surpluses are used, without notice. We offer you merchandise convertible into cash for your garden seed business.

CLEAN DISPLAYS INCREASE SALES

Check up on your display cartons. Fly-specked or dirty cartons give the impression of old seed—and no one wants old seed. A new display is inexpensive—and a new display will sell seeds for you.

Our spout top cartons, free measures and seed bags, solve your display and handling needs. Check your stock today and order what you need to make an attractive, clean display of your SQUARE BRAND SEEDS. Our free carton offer, described below, is in addition to the flower seed offer above.

Sales of garden seed should be greater this year than for many years. Everyone is planning at least a small garden. You can make REAL profits this year with comparatively little effort. It's time to get busy RIGHT NOW.

It is easy to supply your customers' needs. Just pour 1 Oz., 2 Oz., or anything up to 4 ounces of any seed desired. Measure clearly shows where to stop. No mislaid charts to worry about.

Plan Your Purchases To Get Your Display Cartons Free!
